~ OVERVIEW ~

As an energetic, talented self-starter, I enjoy solving technical problems. As a New England native, I speak fluent English and understand the unique challenges of the competitive business landscape of Greater Boston. Recently, I've been fortunate that my love of learning has allowed me to successfully teach myself a number of new technologies, and I look forward to each new challenge.

~ EXPERIENCE ~

BUSINESS OWNER

AUGUST 2019 – PRESENT

EGGHEAD FIXERS

As an enthusiastic entrepreneur, I perceived the need for an easy to following technology channel – one that didn't just speak generally about solving computer problems, but gave a detailed solution to solving specific problems with particular brands and even particular models of personal computers.

In addition to this, I diagnose and repair computers for the small repair firm I founded.

FIELD SERVICE TECHNICIAN

AUGUST 2019 – OCTOBER 2020

CONNECTICUT VALLEY COMPUTERS

In this position, I traveled all over New Hampshire doing repairs of computers such as replacing LCD displays, hard drives, RAM, installing operating systems, and much more. In addition to performing repairs on computers, repaired ATMs and POS systems.

COMPUTER REPAIR TECHNICIAN

MARCH 2015 – PRESENT

PC MONKEY, LLC

At this job, I was responsible for the diagnosis and repair of 20-40 computers a week. I did repairs of computers such as replacing LCD displays, hard drives, RAM, installing operating systems, and much more. In addition to performing repairs and upgrades, I also was responsible for the complete rebuild of systems.
